ACTION GUIDE CYBER THREATS

WATCH VIDEO
READ & LISTEN TO PODCAST

OUR VISION

Our vision is to provide a weekly, step-by-step guide to help people prepare before a given threat becomes a reality. We encourage you to print and keep a collection of these weekly guides and website information. We also suggest you keep your collection in a notebook in case there is a loss of the internet and power at the very time you need these guides. We believe as you consider these guidelines and prepare, you will gain the knowledge and skills to adapt to the anticipated threats.

These guides may not address every contingency but, being prepared for threats and disasters in general helps individuals gain the peace of mind that they have done what they can do to enhance their chances for safety, survival, and the well-being of their communities. This resource and comprehensive approach foster resilience and prosperity in challenging times when many others may be caught off guard.

Expert Content: Steve Stratton, Former Green Beret, author, and podcaster have many books and materials to help you protect yourself against cyberattacks. His career started as White House Communications Agency supporting the needs of President's Ford and Carter, Vice President's Rockefeller and Mondale and Secretary of State Henry Kissinger.

Visit Amazon.com to check out Steve's very informative books.

CYBER THREATS

TOPIC 1

MALWARE-PHISHING

This is software designed to harm or exploit any programmable device or network. Types of malwares include viruses, worms, trojans, ransomware, and spyware. Phishing involves deceiving individuals into providing sensitive information, such as passwords or credit card numbers, by masquerading as trustworthy entity in electronic communications.

Ransom ware is a type of malware that encrypts the victim's files and demands payment for the decryption key. It can lead to significant data loss and financial damage.

TOPIC 2

DENIAL OF SERVICE (DOS) ATTACKS

These attacks aim to make a service unavailable by overwhelming it with traffic, thus disrupting the normal functioning of websites or networks.

TOPIC 3

MAN - IN - THE - MIDDLE (MITM) ATTACKS

In these attacks, the perpetrator secretly intercepts and relays messages between two parties who that we believe they are directly communicating with each other Insider Threats are threats come from individuals within the organization, such as employees or contractors, who misuse their access to harm the organization intentionally or unintentionally.

TOPIC 4

SQL INJECTION

This occurs when an attacker inserts malicious SQL code into a query, allowing them to manipulate the database and access or alter sensitive data.

TOPIC 5

CREDENTIAL STUFFING

This is an automated attack where stolen username and password pairs are used to gain unauthorized access to user accounts across multiple platforms. With the rise of the Internet of Things (IoT), many devices have become targets due to inadequate security measures, leading to potential breaches.

TOPIC 6

SOCIAL ENGINEERING

This manipulative technique exploits human psychology to trick individuals into divulging confidential information or performing actions that compromise security.

TOPIC 7

RECEIVE PEACE AND LESS STRESS

In our opinion, those who know the Bible will deal with stress completely differently than those who do not. There are several reasons for that. First, the bible is full of prophecies foretelling the birth and mission of Jesus to make peace between God and mankind in addition to his return to set up a kingdom of His peace.

Jesus came and fulfilled the prophecies of his birth, death, and resurrection. Christians have a great deal of evidence that he will keep his promise to return and ultimately establish worldwide peace.

The well-known Christmas prophecy hundreds of years before his birth in Isaiah 9:6 identified Jesus as the Prince of Peace. He offers that peace to you today if you but ask (John 14:27).

Prophecies are comforting and stress reducing because they come from a loving Higher Power that is communicating with his people what to expect. Prophecies for the Christian tell the nature of the times in which Jesus was, is and will be.

This Guide was designed to help us all understand how to be prepared for hardship and crisis. Part of that preparation is to do your part to support the local storehouse that helps people in need, otherwise known as the local church and other organizations.

Believers know the importance of this principal from the example of Joseph in the Old Testament storing up goods in the storehouse. If you do your part to support your local church, God promises to protect the remainder of your supplies in Malachi 3:10-18. That should give you some peace as well.

Jesus is the way to the Father & Jesus said to his disciples, 'Do not be sad or afraid. Believe in God and believe in me. There are many rooms in my Father's house. I will go now so that I can prepare a place for you there. If it was not true, I would not have told you this.

After I have prepared a place for you, I will return. Then I will take you so that you will be with me. You will be where I am. I will go away but I will give you a gift of peace. It is mine to give and yours to keep. It is not like a gift that this world gives.

Do not let yourselves be sad. Do not be afraid. You heard me say to you, "I will go away, but I will return to you." (EEV)

For greater detail review our Spiritual Action Guide.

NOTES

This image shows a full page of white paper with horizontal blue ruling lines. The lines are evenly spaced and run across the width of the page, providing a template for handwriting practice or general writing. There are no margins, text, or other markings on the page.
